Summary

Well-trained software engineer college grad looking to get valuable professional experience.

Experience

Fairfax County Public Schools 2024-07-08 - 2024-08-01
Assistant, Office and Classroom

Hired for Office Assistant position at CTE Summer Enrichment Program 2024 at Lake Braddock Secondary School. Was reassigned to in-classroom assistant due to a vacancy. In the office, helped parents and teachers get what they needed and get where they need to go. In the classroom, helped students navigate program activities.

Pupatella Reston 2022-06-10 - 2022-08-20
Bartender/Front of House

🔗 <https://www.pupatella.com/>

Hired to assist with front-of-house duties, primarily bartending. Prepared cocktails, poured beer and wine, and helped customers. Also assisted with other FoH duties such as opening and closing the store, stocking materials like napkins and silverware, and serving food from the kitchen to customers.

Note: despite this being fairly recent experience, I happen to know that the location I worked at has changed managerial hands at least once since I worked there. I do not know whether they can vouch for my experience.

Fairfax County Government 2020-07-10 - 2020-10-11
Data Entry, Office of Elections

Hired to assist with processing and depositing application form data for the office of elections.

Fairfax County Government 2019-06-15 - 2019-08-10
Intern, Department of Information Technology

Hired to assist with county-wide replacement of employee personal computers as well as completion of user tickets at the Fairfax Government Center.

Education

George Mason University 2022-01-24 - 2025-05-15
Applied Computer Science, concentration Bachelor's

Software Engineering

🔗 <https://www.gmu.edu/>

Northern Virginia Community College 2019-08-12 - 2022-12-05
Computer Science Associate's

🔗 <https://www.nvcc.edu/>

Volunteering

The Unscripted Theatre 2023-07-20 - Present
Website Manager, Live Show Tech Team

🔗 <https://theunscriptedtheatre.com>

Manage web presence for a Northern Virginia improvisational comedy troupe, as well as providing tech support for several live shows and the online streaming of them.

FIRST Tech Challenge Team 7729 2015-08-25 - 2020-03-19
Software Lead / Coach

Led and later coached the software division of the student robotics team at South Lakes High School. Volunteer efforts ended only because of the COVID pandemic.
